المجلس العربي للمياه
Arab Water Council

المجلس العربي للمياه
Arab Water Council

Cairo, October 29th, 2017

Dear Dr. Gheith:

The Arab Water Council will organize its 4th Arab Water Forum (AWF4) under the auspices of the League of Arab States (LAS) and the Ministry of Water Resources and Irrigation (MWRI) from 26 - 28 of November 2017 in Cairo under the Slogan: "**Sharing Water Sharing Destiny**". The triennial Forum is expected to be attended by water professionals, experts, decision makers and politicians in the presence of representatives of water service providers, industries, NGOs, civil society and development agencies to deliberate on the state of water in the region and the challenges to be tackled to secure their future needs of water for growth and sustainable development.

It is my honor and pleasure to cordially invite you to join us in this important event and contribute in its activities sharing your broad experiences and your invaluable input and support to this event. The details of the proposed themes, session topics, venue, and registration are given in the attached Forum Second Announcement and website: (www.arabwatercouncil.org/4thAWF).

AWC's Development Partners played a key role in the successful organization of the Arab Water Forum since its first edition. UCO was particularly an ardent supporter to the Arab Water Fora in several ways and great contributors to its success.

As in every session of the Forum, contributions from regional organizations are important to support the holding of this important regional water event. UNESCO Cairo office has been a partner on the forum and we are asking your support for the fourth forum. Below kindly find the proposed contribution of UNESCO:

No.	Task	AWC Contribution	UCO Contribution
1	Organizational arrangements costs meeting room rental & meeting package	40,000 USD	1500 USD
2	Support participation of Speakers/Arab Expert from Developing Countries	12,000 USD	1500 USD

Upon your confirmation, AWC will be glad to finalize the formalities with UNESCO office as appropriate. Again, we express our deep appreciation to yourself and to your esteemed organization for your interest in the forum and excellent cooperation with AWC for serving the best to the water cause in the Arab region.

Please accept my best regards.

Sincerely Yours,

Mahmoud Abu-Zeid
President, the Arab Water Council

Dear Dr. Ghaith

AWC has sent the letter on the 1st of November. Their request is as we discussed. I would like to request your authorization to draft the Activity co-financing contract using some of the savings we have accomplished on the ICDL given that our RP funds are all already expended.

Bisher
